EDUCATION

BSc (Hons) Interactive Media, University of York **Sept 2024 – Present**

- 1st Year: 2:1 | 2nd Year: 2:1
- Key Modules: User Experience Design, Interactive Media Group Project, Web Application Design & Development, Interactive Media & Society.
- Future Voices Scholarship Recipient, University of York.

EXPERIENCE

Student Design Intern - University of York **Jun 2026 – Jul 2026**

- Audited 15+ university modules to improve the quality and consistency of central directory.
- Designed and developed a responsive central directory using Figma, Bootstrap, HTML, and CSS.
- Applied UX and accessibility principles (WCAG) to improve information architecture and user navigation.

UX/UI design Intern - Foxlove Revenue **Jul 2026 – Present**

- Conducted user interviews to understand the target audiences, using findings to improve design.
- Designed user flows, wireframes, high-fidelity prototypes, and responsive interfaces in Figma.
- Created and maintained a UI asset library in Confluence to improve design consistency and streamline collaboration.

Software Developer - York Community Consulting **Sept 2026 – Present**

- Developed web-based projects, using HTML, CSS, and JavaScript to build responsive interfaces.
- Contributed to requirements specification, design implementation, and stakeholder interaction.
- Carried out in an agile software development methodology.

Marketing Assistant - University of York **Oct 2026 – Present**

- Designed visual graphics and social media posts using Canva, adhering to brand guidelines and visual design principles.
- Wrote clear, engaging copy and promotional text tailored to inform and connect with prospective students and staff.

PROJECTS

Deep Within, Meditation & Self-Care Prototype (65%) | Individual Project

- Planned and ran usability testing sessions to confirm design decisions, then used findings to redesign core user flows, redesigning the mobile concept to improve user accessibility.
- Conducted think-aloud usability testing with 7 participants and analyses findings using affinity mapping to find recurring pain points, directly informing three rounds of iteration.

Who Poisoned Pippy, Web Design & Development (78%) | Agile Group Project

- Worked within an agile team to design and develop an interactive web-based mystery game through sprint reviews.
- Built the project's design system in Figma and contributed to a responsive, WCAG compliant user interface using Bootstrap.

VOLUNTEERING

Design Deputy Lead - Interactive Media Showcase **Nov 2024 – Jun 2025**

- Collaborated with a team of 10+ students across design, marketing, and technical roles.
- Designed the website's information architecture and content, attracting 60+ visitors and 200+ page views during the Interactive Media Showcase.

Social Media Manager – LND research trust **Jul 2026 – Sept 2026**

- Created engaging video content with branded intro and outro screens for the Trust’s online resources.
- Selected and organised key information to improve content clarity and viewer engagement.
